The Cadeleigh Arms

The Cadeleigh Arms provides high quality food using fresh local produce and serves both traditional and alternative cuisine with an innovative twist, at a reasonable cost.

The menu varies daily depending on the season and availability. You will always find traditional English pub fare on our **Daily Blackboard**, but look out for that something different on the **Specials Board**.

To accompany your meal "The Cadeleigh" boasts a well stocked cellar of wines, ales & cider, some of them local. Booking is advisable. Find us in Alastair Sawday's Special Places Pubs & Inns and The Good Pub Guide since 2009. We look forward to your visit be it for a drink or more!
