The Cadeleigh Arms

The Cadeleigh Arms provides high quality food using fresh local produce and serves both traditional and alternative cuisine with an innovative twist, at a reasonable cost.

The menu varies daily depending on the season and availability. You will always find traditional English pub fare on our **Daily Blackboard**, but look out for that something different on the **Specials Board**.

To accompany your meal "The Cadeleigh" boasts a well stocked cellar of wines, ales & cider, some of them local. Booking is advisable. Find us in Alastair Sawday's Special Places Pubs & Inns and The Good Pub Guide 2009. We look forward to your visit be it for a drink or more!

Board Changes Daily

The Cadeleigh Arms Dining Society The CADS

Introducing The Cads!

One of our regulars had the idea of creating a dining club to help support "The Cadeleigh" the club members support The Arms through these difficult times, by paying for a meal in advance each month through a set charge. The Cadeleigh gets some upfront cash flow, the members know their favourite joint stays open and can turn up knowing they have already paid for their basic food" The money goes into a separate account with a regular responsible for signing off the release of funds.

CADS just happens to be the initials for Cadeleigh Arms Dining Society ... but being a Cad seems much more fun!!

"so that's it our very own club for Cads & Bounders....!"I'll drink to that!"

Ask Jane for membership details and form .
